DESCRIPTION

Charming and spacious DUPLEX located in GUARDAMAR; built in a contemporary design, a few steps from the Mediterranean Sea. DELIVERY SEPTEMBER 2020. The houses with 3 bedrooms and 3 bathrooms measure from 105m² and are composed of a living room with open kitchen and large windows that allow the natural entry of daylight. All duplexes enjoy large terraces and independent access to the community pool. Each home offers maximum comfort and the benefits of durable and high quality materials, Siemens appliances, pre-installation of air conditioning, aluminum shutters and double glazing to improve energy efficiency. The project, located in a natural environment, is just a few steps from the incredible beaches of Guardamar, offering an exceptional community area with a large pool and beautiful aromatic gardens. In addition, a parking space is included for each unit with optional storage. The excellent location of the project provides quick and easy access to the cozy town of Guardamar, where you can find all the services and amenities throughout the year. The combination of competitive launch prices, solid potential rental performance and strong capital growth in the coming years make this property a very attractive

proposal that guarantees a large investment. Located just 30 minutes drive from Alicante airport, Guardamar del Segura is much more than golden sand beaches that extend as far as the eye can see. It has the privilege of enjoying the warmest marine waters of Spain and its 7 beaches of high ecological value, which add up to 10 km of coastline, is by far one of the most beautiful and unique environments of the sea, with the coastal pine forests, Eucalyptus, cypress and palm trees. Well known for its mild temperature and the lowest rainfall in Europe, it is the ideal place to practice water sports, such as sailing, fishing, windsurfing, kayaking and jet skis throughout the year. The average water temperature is around 20 ° C during the winter months, which makes seeing swimmers a very common scenario, especially those coming from northern Europe. Less than 40 km from the cosmopolitan Alicante , the old Murcia or the charming Elche, Guardamar offers fun activities and tourist visits for all budgets and ages. Ideal destination for golfers, cyclists and hikers, and even for those interested in the historic field with its important landmarks and findings. The cuisine of Guardamar is also known, with delicious rice dishes and abundant seafood.
