DESCRIPTION

Villa La Torre is a luxurious villa in one of the best locations on Cumbre del Sol residential complex in the Jazmines residential area, offering glorious sea views and infrastructure surpassing expectations. A villa designed exclusively for plot no. 150 in the Jazmines residential area, 936m², south facing, spectacular sea views and the ancient Moraira lookout tower in the distance. Villa La Torre, with a built area of over 300m², has three bedrooms, all with en suite bathrooms, dressing room and/or fitted wardrobes, and direct access onto the villa's different terraces for enjoying the Mediterranean sunshine, climate and views. The main floor houses the dining room, an open-plan area giving onto the veranda and the main terrace with swimming pool via an enormous window. In the summer, it can be opened wide to create a single space with access to a kitchen with ample central island. The property has a garage for two vehicles. Entry to the garage is via the hall, which has a large window onto the dining room and a large open space on the ground floor of some 100m² which can be arranged in endless ways to meet every customer's requirements. A villa which combines modern design with open-plan, light and useful spaces. It is designed to be enjoyed both indoors and outdoors, is constructed using high-end

materials and finishes and, naturally, comes with the VAPF Group guarantee of quality ?€? over 50 years?€? experience building luxury homes on the Northern Costa Blanca.
