DESCRIPTION

Chalet on one floor with three different levels whose purpose is to adapt the construction to the orography of the land and provide views of the sea from all points. The left wing has been assigned to the day area, the center piece is the spacious living room, an elegant set that combines parquet flooring with walls covered in natural tones combined with others in white. Next to the living room we find the kitchen that communicates with a porch that gives access to the terrace with pool and barbecue. The terrace is an essential part of the house, it is paved with wood flooring technology and surrounds the whole house allowing the whole house to be accessed outside. The barbecue with dining area complete the outdoor area allowing you to enjoy the privileges of the Mediterranean climate. In the right wing destined to the bedrooms, an area divided into two levels communicated through light stairs. On the first level there is a large living room whose decoration follows the same line as the main living room of the house and from which the main bedroom is accessed. The master bedroom is composed of three large rooms: bedroom with access to the terrace, bathroom and dressing room. The second level

consists of three more bedrooms, all with bathroom en suite and two of them with direct access to the terrace and the wonderful sea views.
